Letter of Recommendation for Aella Nguyen

To Whom It May Concern:

I am happy to recommend Aella Nguyen. I worked with her when she was a summer intern at Microsoft, and I was very impressed by her intellectual curiosity, strong work ethic, creativity, analytical thinking, and resilience.

Aella was eager to learn and quick to understand new ideas. She asked thoughtful questions, listened carefully, and worked hard to produce high-quality work. She was also creative in solving problems and thoughtful in how she analyzed different options.

What stood out most was her dedication and resilience. Aella stayed positive and focused even when facing unfamiliar or challenging tasks. She handled feedback well, kept improving her work, and did not give up easily. She was dependable, open-minded, and willing to take on new challenges.

Aella also has a very positive personality. She is kind, respectful, professional, and easy to work with. She brings a calm and thoughtful attitude to the team, communicates well, and works well with others. I believe she will do very well in future opportunities, and I recommend her with confidence.

Sincerely,

Amy Zhang
Group Finance Manager | Microsoft
